

Newcap, Inc. Promotes Scott Nelson to Food Programs Manager

Oconto, WI - Newcap, Inc. (<http://www.newcap.org>) announced on October 16, 2016 that Scott Nelson had been promoted to Food Programs Manager from Food Distribution Coordinator. As Food Programs Manager Scott will order foods from the TEFAP Program (The Emergency Food Assistance Program), allocate and schedule delivery of TEFAP food to 27 food pantries in 11 counties. He then focuses on the palletizing of all food that is allocated for each pantry and then delivers the food. Some of the pantries now get a direct delivery; which frees Scott up to concentrate on other duties such as supervising pantry staff in Oconto, Marinette and Crandon offices. Scott also makes sure all pantries in the Newcap Emergency Feeding

Organization (EFO) are current with civil rights training and that all are in accordance with the government standards and regulations. In 2016, the food pantries in the Newcap EFO served 351,285 individuals combined. These are rural communities which makes that number even more outstanding. The number of people seeking food security is always climbing and there is still much to do in ensuring that no one goes hungry in our communities.

Scott had worked as Food Distribution Coordinator since 2013. Prior to that he was Food Pantry Coordinator for 3 years and prior to that had worked in the Housing Department as a Case Manager for supportive housing for two years. Scott comments "I enjoy serving our community in this capacity and have many ideas to improve and grow the food program. We are always in need of quality volunteers who would like to make a difference in their community."

Deb Barlament, Executive Vice President of Operations at Newcap said "Scott was an easy and obvious transition from Food Distribution Coordinator to Food Programs Manager. He understands it and truly appreciates the impact of the programs. Scott is very passionate about the fact that no one should go hungry."

Scott attended college for a Human Services Degree and is in need of just 12 credits to complete the degree. His goal is to complete this as soon as possible. Outside of Newcap, Scott has been a musician his whole life and enjoys playing in area bands.

About Newcap, Inc.

In an ideal world, poverty would be non-existent. Unfortunately, in the real world poverty does exist. Newcap seeks to change that reality. That's why Newcap offers emergency care for people who find themselves in desperate situations, safety is in question or food is scarce. That's why Newcap assists those needing to stabilize their lives by securing a job, obtaining reliable transportation, or establishing a permanent residence. And that's why Newcap supports those who need help planning budgets, purchasing homes, and building job skills.

No matter where someone is on the poverty and independence scale, Newcap can help. Newcap has the resources, the personnel, and most importantly, the compassion to make a difference, and to fulfill its mission to move people from poverty to economic security and opportunities and improve communities.

People live in varying circumstances and therefore have different, and very unique needs. Newcap offers services to match. Newcap serves 10 counties in northern and northeastern Wisconsin with Crisis, Stability, Success, and Community Improvement services.
